TRUSTEES' MEETING.

All members were present at this week's meeting. Demands on the city treasury amounting to \$198,225 were reported favorably by finance committee and on motion allowed.

The Salt Lake Railroad company through its representatives who were present, presented a new petition for a franchise on the alley from Second Street to a point 178 feet north of Third Street. The application if acted upon favorably will result in an additional track across First Street on the Western side of Glendale Avenue and two additional tracks across Second Street, one on the west side of Glendale Avenue and the other at the alley, 147 feet west.

The Pacific Electric Company was not heard from in reference to its former application for rights on the same alley from Fourth Street northward.

Application of A. F. Rauth to do street work by private contract on Orange Grove Avenue was granted.

Application of E. D. Reynolds for similar privilege on Fifth Street was also acted upon favorably.

Ordinance establishing the grade of Fifth Street from the easterly line of Central Avenue to the westerly line of Glendale Avenue, was ordered to be printed.

The financial statement of the City Clerk for the first year of the city's history was submitted, read and adopted. (It appears elsewhere).

Additional time given committee to secure a dog catcher.

The finance committee was instructed by chairman to audit the books of the City Clerk.

The city attorney was allowed \$10 per month for stenographer and typewriter's services.

Adjourned.

GRAMMAR SCHOOL NOTES.

On Thursday, the 21st, at 2 o'clock the girls of the Eighth grade will give the same flag drill that they gave at Christmas time. There will be a few other numbers also on the program, including a cantata, "The Goddess of Liberty's Reception to the Thirteen Colonies."

The girls' second basketball team of Glendale played the second team from Tropic Wednesday afternoon, Glendale winning by the score of 18 to 15.

During the practice game of the Glendale Grammar School team with High School team Monday afternoon, Sol Rehart fell and broke his nose; a very painful injury.

Enrollment at Grammar School now is 289. Another teacher or two is badly needed for the best results.

Rev. John Pittenger, pastor of the First Methodist Episcopal church of Tropic, will occupy the pulpit of the First Methodist Church of Glendale at the morning services Sunday, and Rev. C. R. Norton, pastor of the Glendale Methodist Church, will deliver the morning sermon to the Tropic, Methodist congregation.

CARD AND VALENTINE PARTY.

Mrs. Hunt and Mrs. Gilson were the hostesses at a most enjoyable card party given at the residence of the former last Tuesday evening.

Being so near St. Valentine's day, the function may be said to have been under the patronage of that popular personage, and "Hearts was trump."

In the card playing, which amused the guests during a part of the evening, the honors were carried off by Mrs. E. Pitcher, to whom the prize was awarded for the best score of games won.

Every one receiving an invitation had been requested to reply in rhyme, and the result was interesting also instructive as giving an object lesson explaining why "poetry" is a drug on the market. There was a bluster or so of verse, ranging from the horrible to the sublime—or thereabouts, and the reading of it by Mrs. Pack was immensely enjoyed.

A committee of three gentlemen of supposed literary acumen was appointed to act as judges in awarding the prize, which was given by unanimous decree to the Rev. George Eley, who perpetrated the following Limerick and at last accounts was still at large:

There was an old man of Lomita,
Who was asked out one night to beat a
Crack party at whist
(Chance not to be missed)—
Poor old man of Lomita!

New this poor old man of Lomita
Had a wife (you can't beat, ah),
Said she "You don't know enough
But you run 'em a bluff"—
Deluded old man of Lomita.

This deluded old man of Lomita
Was asked to join in a treat, ah,
What pleasure to him
To be in the swim!

Happy old man of Lomita.

The following is a list of invited guests, nearly all of whom were present:

Mr. and Mrs. McIntyre, Miss Helen McIntyre, Miss Anne McIntyre, Mr. and Mrs. Pack, Mr. and Mrs. Guenthart, Mr. and Mrs. Lampson, Mr. and Mrs. Anderson, Mr. and Mrs. Buns, Mr. and Mrs. Lawrence Eley, Rev. and Mrs. Eley, Mr. and Mrs. Coker, Mr. and Mrs. Hartsough, Mr. Sherer, Mr. Munsey, Miss Fox, Mr. and Mrs. Pitcher, Mr. Best, Miss Helen Best, Miss Lucelle Shultz, Mr. and Mrs. Farrell, Dr. and Mrs. Chase, Mr. Clarence Peck, Dr. Hunt, Mr. and Mrs. Woodberry, Mr. Cecil, Gilson, Mr. Prosser Penn, Miss Emma Penn, Miss Ena Whitacker, Miss Anita Wells, Mr. and Mrs. G. E. Williams, Mr. Campbell.

NEWS OF THE WEEK.

Zero weather in New York. Coldest weather on record in Maine.

Ex-Gov. Higgins of New York dies after prolonged illness; heart trouble.

John D. Rockefeller gives \$32,000 to General Education Fund, New York City.

First Parliamentary elections in the Transvaal to be held February 20th. Prospect favors the Boers.

President Roosevelt wants verbatim reports of Thaw trial excluded from mails, but finds law will not permit.

Probability that Harriman will be prosecuted by government for criminal violation of interstate commerce law.

State Senator Lukens returns from the Orient. Reports most friendly feeling on part of Japan toward Americans.

Owner of principal mine in Goldfields, Nevada, asserts that \$300,000 has been stolen in last month by miners.

Trial of Steve Adams for murder of Tyler under alleged influence of Western Federation of Miners, begins at Wallace, Idaho.

Terrible explosion of gas in Los Angeles restaurant. Four dead, twenty others seriously injured, of whom some will die.

Wreck of steamer Larchmont off New England coast, results in great loss of life and terrible sufferings from cold by survivors.

Senate Finance Committee of Legislature reports favorably on bill to appropriate \$3,000,000 for World's Fair in San Francisco in 1913.

Thaw's case still on trial. Cross examination of Mrs. Evelyn Thaw not yet begun; will probably be most interesting feature of trial.

Western Union Telegraph Company increases salaries of all employees ten per cent., effective March 1st. Will affect over 100 employees in Los Angeles.

Secretary Root has prepared immigration bill which it is thought will be adopted by Congress and lead to a satisfactory settlement of the Japanese San Francisco school question.

Colorado river turned back into original channel, saving the Imperial Valley. Work done by the Southern Pacific under management of Epes Randolph; cost will be half a million.

Work begun this week on the Country Club House on the northeast corner of Brand Boulevard and Third street. This is to be a one story structure in full Mission style and will be a very ornamental addition to our city. The idea of building the club house by contract has been abandoned and it will be done by day's work under the direction of Mr. E. P. Merritt.

THE BOND ELECTION.

There will be only one more issue of this paper before the election takes place to decide if we shall have a City Hall at a cost of \$17,000 and fire extinguishing apparatus costing \$5,000. There cannot be much debate on the proposition. The objections will be, first, the expense. We have shown elsewhere that this is trivial. The bonds run forty years; why should those of us who are now here not be getting the immediate benefit of this expenditure? The benefit will be great. A creditable building will be a nucleus around which other good and attractive structures will be reared. It will mark the era in which the cheap buildings of the present that indicate the country village, will pass away to make room for structures which will be creditable to our young city. It will indicate to the visitor that we have something, are something and are doing something.

We need the building; we need it now—only in the very improbable, in fact unthinkable event, that Glendale should stop growing would there be any mistake made in building it now.

There will be a vigorous fight made against the proposition on account of the proposed location of the building by parties who refuse to recognize a self-evident fact; and who are to that fact, irreconcilable. As a matter of fact, if we should consider the geographical center of Glendale, the location should be further east—certainly not a foot further toward the west than the site proposed. The same element that will oppose this bond issue opposed incorporation; and the most intelligent and fair minded of that element now admit their mistake. The infallibility of their judgment, therefore, is open to serious question. It is as illogical to say that the benefit derived from this expenditure will be reaped only by a few in the immediate neighborhood as to claim that no one has been benefited by the electric road except those whose property it touches. The plea advanced by some to the effect that we need a lot of other things and that we should therefore not have this, is also illogical; for if that kind of an excuse is admissible for not doing things there never would be anything done.

To the Public

FIRST

E. M. McClure sold to Riggs & Sherer, January 1st, the GLENDALE NEWS, together with subscription list and contracts, good will, etc. The price paid was a liberal one; less than one-half of it being represented by the plant; the other half being paid for said "subscription list and good will." The transaction was in an apparently friendly spirit and with satisfaction to both parties, Mr. McClure announcing that he intended to enter the real estate business.

Immediately upon change of ownership, before the first number was issued by the new owners, ALL OF THE ADVERTISERS ON BRAND BOULEVARD (with one exception, since out.) WITHDREW THE PATRONAGE WHICH THEY HAD BEEN GIVING THE PAPER FOR MANY MONTHS.

Comment unnecessary, as space is valuable.

To prevent misunderstandings, which in many instances have arisen in regard to the matter, and (reflecting in no way upon the estimable lady named) it is necessary for us to announce that Mrs. Williams does not represent the GLENDALE NEWS.

RIGGS & SHERER.

G. S. Case

Many of our readers may not be aware of the fact, but the above is the name of our representative in the Assembly at Sacramento. Mr. Case is a veteran of the civil war and a physician by profession. He resides in Pasadena. He has not been prominent in political affairs, and the News takes pleasure in congratulating him upon the minority report submitted by him upon the bill to make \$3 per day the minimum wages to be paid day laborers on public works in state, county and city in California.

It requires some nerve to do this sort of thing at Sacramento, and the people of this district are to be congratulated that they are represented by a man who has it.

The bill has passed the Assembly, however. It was fathered in the Senate by Mr. Savage, our representative in that body, whom we do not congratulate.

A Warning to our Men Folk

A dispatch from Paris informs us that while the gentlemen guests of the Countess Rene de Baron tarried over their coffee cups at dinner, in fancied security, there burst in upon them the hostess and her lady guests resplendent in tights and skirts of tulle, who began at once to dance in the most approved style of the ballet.

Now, as Paris is the recognized leader of the world of fashion, we may predict with confidence that not many moons will wax and wane be-

fore this high example of the Miltonian injunction to

"Come and tip it as you go
On the light fantastic toe."

will have innumerable imitators.

And here in our own city (of the sixth class) we have no doubt but that our progressive "400" (or is it 40?) are already considering the matter with all the seriousness which its importance deserves.

In view of the possibilities in this direction, therefore, the News, from its high tower of vantage, utters this solemn warning to our society men, young and older—for the present at least—don't go out nights without your mothers!

Annexation Election

All the country adjoining Glendale on the east and south votes on the question of annexation to Los Angeles on February 21st.

We have heard more or less discussion of this subject for the past year, and the arguments in favor of annexation have not yet appealed to us as being at all conclusive. For our neighbors in Tropic, particularly, it seems to us a delusion and a snare. Their community now possesses an individuality of which they are properly jealous; absorption by the city of Los Angeles will leave them stranded on a lee shore, neither the one thing nor the other; recognized by the council of the city, for the present, at least, as subjects only fit for extra taxation. As for a five cent fare, we do not believe they will get it; if the fare should be reduced there will be an accompanying reduction in the quality of the service. And if Tropic prides itself on anything in the way of exclusiveness, that will rapidly vanish before the five cent fare.

We do not believe that the railroad company should be taken advantage of any more than should the individual; and if the law can compel them to reduce the fare, it will be working an injustice, inasmuch as such a low fare is unreasonable and was not contemplated when the investment was made.

But this funeral really belongs to our neighbors. Go ahead with the procession, men and brethren!

The Narrowing Standard of Honor

A week or two ago we had occasion to pass a few remarks upon "The Widening Standard of Honor," which was the topic of an excellent paper in a recent periodical. For that which we have to say now, it seems that the more pessimistic phrase is the appropriate one. It is not necessary to go far afield for examples to prove, to some extent, at least, that if the standard of honor is not narrowing, it is even worse, it is narrow. And events now transpiring in Glendale confirm this idea. We will go further from home, however, and speak of an event of national importance, in which some very small figures are, during the brief day of their greatness, playing a prominent part.

A week or so ago, the president of the United States had a conference with the California Congressional delegation in regard to the question of the Japanese and the San Francisco public schools. He enjoined secrecy upon them in regard to the matter discussed at the interview; a very proper injunction; as in matters of state much harm is sometimes done by the premature publication of the intentions of the government before the time is ripe for the announcement. Notwithstanding his request, how-

ever, the substance of the interview appeared in the next day's papers.

On Saturday last the President had another interview upon the same subject with the Mayor and the Board of Education of San Francisco.

In reference to this interview a "Direct Wire" to a Los Angeles paper says: "The President again sought to keep the facts from leaking out by obtaining the promise of the San Franciscans that no statement should be made to the press." And then the correspondent goes on to say: "One of them (the San Franciscans) who exacted the promise that his name should not be divulged; consented to discuss the conference." Then follows a recitation of what the President said.

Here is certainly a very narrow (almost invisible) sense of honor upon the part of the man who had been honored by an interview with the President of the United States. Not

much wider is the sense of honor upon the part of the correspondent who interviewed him, and how much wider is the sense of honor upon the part of the editor of the newspaper that accepted and published the story obtained under such circumstances?

This is not an unusual case; the examples are too discouragingly easy to find. The ambitious man or woman will too frequently cater to the most notorious characters in public life to attain a little paltry transient success. For mere pique men and women yet can be found who would knock out the underpinning of the nation, if they thought that in the crash of worlds that would follow, the victim of their spite might be annihilated.

The merchant who would not willingly defraud a customer is not averse, in order to gain a patron who has acquired his wealth by doubtful means, to

"Bend the pregnant hinges of the knee,
That thrift may follow fawning."

WATSON BLOCK

AT SACRAMENTO.

Senator Lukens, one of the brainiest and most honorable of the honorable members of the state senate, has returned from Japan, where he has been visiting for some months, seeking to recover from injuries received a few months ago. He reports that the friendly feeling for Americans on the part of Japanese in their native land is apparent elsewhere and it is not likely that Senator Lukens will give any aid and comfort to the Californians who are playing the part of troublemakers.

The anti-vice fight bill of Senator Hartman may pass the senate; but if it does, it will doubtless be because the San Francisco members of that body are convinced that it will not receive favorable action in the assembly. A similar measure passed the assembly last session, because it was well known that it would be killed in the upper chamber. This is the favorite scheme by which a few members make themselves solid with the home constituency, voting for reform measures, knowing that they will not become laws.

The University of California does not seem to be receiving very liberal treatment from the present legislature. The trouble probably is that Berkeley does not send the right kind of men to Sacramento to look after university measures. The class of men who have charge of the university bills are of a grade too high to accomplish results. They are too closely allied in their ideas to the reform element. Mr. Eshelman is the author of some reform measures, which in itself is enough to make difficult the passage of any appropriation bills in which he may be interested. Berkeley should send to Sacramento, if it wishes to get financial results, some "good mixer" who is allied to the "organization" and will accept its program. Then he could trade with the San Francisco brand of statesmen, and by supporting such measures as they desire, get support in return for the legislation desired by his constituents. At the last session, the university's bias were in charge of Mr. Waste, of Alameda; an excellent man, but of rather too fine calibre for results. Still, he did pretty well; although we fancy there are some sore spots on his conscience for the price he had to pay for results.

Grove Johnson's anti-gambling law, passed the assembly this week. It is a very stringent measure, and provides that any money lost on a bet may be recovered by suit at law by dependent wife, children or heirs at law.

Mr. Johnson's bill to amend the law so that railroads could not collect fare of a passenger who was not provided with a seat, failed to pass. The very amusing objection urged against it, was in behalf of the "poor people who would be compelled to wait for the next car." The tender thoughtfulness for "poor people" which characterizes the majority of our legislators is one of the most touching things of our political life!

Well, our representative from San Pedro has succeeded in passing his pet measure for the amelioration of the condition of the "workingman" who is supposed to work for municipalities. The bill he fathered, for the payment of a minimum wage of three dollars per day to laborers employed by the state and its municipalities, has now passed both houses and will soon be up to the Governor. The action of a few of our Southern California representatives in opposing this measure entitles them to great credit. Charlie Bell of Pasadena stood up on the right side as we expected, and voting with him in the Senate were Carter and McCartney of Los Angeles, although the latter weakened at the last and changed his vote. It was opposed in the Assembly by our own representative, Dr. Cese, and Thompson of Alhambra, Cogswell of Whittier and one or two others. This measure also is now up to the Governor.

The same measure passed both houses last session and was vetoed by Gov. Pardee; we hardly think that Gov. Gillette will approve it. The measure is a most vicious one; not only because it gives unskilled men more money than they earn, nor because, by adding to municipal expenses it would greatly retard improvements, but because of the fact that it would, if it became a law, give encouragement to a class of men by no means fitted for the work to endeavor to get upon the city's payroll and be-

come professional feeders at the public crib. In the classic phrase of the street, Senator Savage's name and that of his supporters should hereafter be "Denis." In other words, he should best serve his country in private life.

LA CRESCENTA.

The new house on the Skyes place is now under cover.

Mr. J. J. Skow, roadmaster for La Crescenta district, says that the grading of Ocean View Avenue will be begun the latter part of this month.

The late Prof. William White's ranch, known as Villa Esperanza, after remaining in the possession of the family for almost a quarter of a century, has changed hands twice within the last year, the present owner being a Mr. Burns.

The rumor of a proposed railroad through the valley is causing some excitement. The trip through the beautiful green Verdugo canon would undoubtedly prove very attractive to tourists as well as home seekers, and the view from the upper parts of our valley be well worth the time spent in reaching them. Some of the latest surveying stakes have been driven in opposite Fairmount, on Briggs Avenue.

Mr. King, one of our winter residents, is now established in the pretty bungalow built for him this winter. Accompanying him are his daughter and niece, Miss Wilna Becht. Mr. and Mrs. Snyder of Salt Lake City spent a few days with them last week and he whole party took in some of the sights of Southern California, including Orange Grove Avenue, Catalina and Kite-Shaped track trip.

Every one is invited to attend.

REPORT OF CITY CLERK.

In connection with the following financial report from incorporation of the City of Glendale to date it may be well to enumerate the more salient features of the year's progress.

The Board of Trustees at the time of organization was immediately confronted with the question of ways and means. The State apparently starts cities of the sixth class on their career without funds and forbids doing business on borrowed capital. To meet this emergency the Trustees as individuals borrowed money and placed same in the Bank of Glendale to provide a fund out of which the more pressing demands might be met. The interest on this loan amounting to over seven dollars was also paid by the Trustees as individuals and a few friends.

The Trustees, in conjunction with the City Engineer, have given much time and study to the question of so arranging grades and gutters as to dispose of surplus storm water with as little inconvenience and damage as may be until such time as sewers and drains are provided.

The only serious difficulty in this line is the storm water from Sycamore Canon, the proposed plan for the disposal of this water did not meet with the approval of the citizens whose property interests are directly affected and this phase of the drainage problem is still in abeyance.

Grades have been established on the principal streets and others are being established as requests for same are received. A very considerable amount of cement sidewalks and curbs have been and are now being constructed, in accordance with these grades, with the pleasing result of uniformity in these street improvements. A new ordinance (No. 38) provides that all future work of this character shall be under the supervision of the Street Superintendent and will not be accepted by the city unless strictly in conformity with the specifications. Under this ordinance work of a uniformly excellent character may be expected.

Improvements of a high order of excellence have been started for the following named streets: Fourth Street, between Brand Boulevard and Glendale Avenue; Glendale Avenue between First Street and Sixth Street;

J Street, between Second and Sixth streets, and Second Street, between Glendale Avenue and A Street. This work is under the Vrooman Act, its cost will approximate \$25,000, and the contracts are let.

For the benefit of any who may think this money is paid by the city it may be well to state these improvements were started on the request of those owning a majority of the frontage on the streets mentioned, and will be paid for by the property fronting on these streets and a short distance back or intersecting streets. The Board of Trustees will undoubtedly be glad to start proceedings for the improvement of any street in any part of the city in the same way.

Some delay has been experienced in the starting of these improvements owing principally to the pipes of the different water companies having to be moved and changed to conform with the new grades; and the desirability of having the gas company's mains laid before instead of after the street work is completed. The preparatory work seems to be well in hand at the present time and it is confidently expected that from now on the work will be prosecuted with due diligence and dispatch.

CLUB NOTES.

On Tuesday afternoon occurred the regular meeting of the Tuesday Afternoon Club in the library and reading room. Branches of plum blossoms lent their fragrance to the room and the attendance was most satisfactory.

After the regular business session current events were disposed of and the topics on the program taken up.

Miss Fortsam gave a delightful little talk on trips to Alaska and to Honolulu and described the palatial steamers on which these trips are taken. Miss Fortsam was the guest of Mrs. O. B. Guenthardt and was pleased to meet the ladies of the club.

Mrs. Church gave a very well considered paper on the domestic side of life in the Philippines, and described to some extent the church-life and their many festivities. She described the homes, beautifully fitted, of the well-to-do and followed with a description of the poor homes of the lower classes. Her description of the cock-fights was especially good and showed how the suppression of these would almost cause a revolution in the Islands.

Mrs. Ezra Parker followed with a fine paper on "Domestic Life in Alaska." She told of the every-day life on the Alaskan Indian and of how his health and morals was failing him now that he was becoming civilized. She also told of the reindeer ranches which provide so much for the native, as they furnish hides and much food (meat and milk).

A vote of thanks was given the ladies at the close of their interesting program.

M. E. CHURCH NOTES.

At the quarterly conference Monday evening a beautiful letter was presented by a committee consisting of Rev. W. S. Blackburn, Mrs. C. E. Russell and Mrs. F. D. Hendershot, in which a high appreciation was expressed of Mr. and Mrs. H. E. Gulvin and family. The letter was adopted by a rising vote. The expressions of regret at their departure are general.

There were sixty-five people attended the quarterly meeting Monday evening and heard an excellent sermon by Dr. Thomson, P. E. The report of the treasurer showed all interests of the church well provided for.

Mrs. P. H. Bodkin will be with us February 24th at 11 o'clock and expects to organize the W. H. M. S. You will gladly hear her.

March 3 will be Communion service. We trust all interested will keep this in mind. The Saviour said, "Do this in memory of Me."

Presbyterian Church

At the Presbyterian Church the morning will deal with the Divorce question. In the evening the topic will be "God commending his love." The Presbyterian Brotherhood will meet at the pastor's house next Wednesday evening at 7.30. The theme of the evening's discussion will be Modern Palestine. The brotherhood will welcome to its ranks any who are willing to work with it, even the not members of the church or congregation.

Mr. L. F. Hadrich is fitting up an ice cream parlor exclusively for ladies in the building on the corner of Fourth and Glendale avenue. The rooms are being tastefully papered and made generally attractive; there will be an entrance on the avenue, and Mr. Hadrich will make a point of keeping on hand the best quality of ice cream, soda water and confectionery, served in an attractive manner.

BOARD OF TRADE.

There was a well attended meeting of the Board of Trade Saturday evening at the office of Hurtt and Rogers. Routine business was transacted, bills approved, etc.

When the advertising committee made its report a discussion ensued as to the best form for the display ad, and it was finally decided to offer prizes of \$3, \$2 and \$1 respectively for the three best designs with pen and ink of a border six by nine inches as a frame work for the reading matter of the advertisement; contest open to all our students in the High and Grammar schools.

A rather lively debate was anticipated when it was proposed by Mr. Anderson that a committee be appointed to wait upon the Pacific Electric officials and request that instructions be given to conductors on the Glendale cars to announce the change at Fourth Street for Glendale Avenue, and to offer transfers. But the resolution went through smoothly and Mr. Goode and Mr. Rogers were appointed as the committee.

There was some division on the next question, a resolution to the effect that the Board of Trade sanctions the action of the City Trustees in calling a bond election to vote on the issue of bonds to build a City Hall. There were about two vigorous opposing votes; and then it was all over.

The license question was then discussed and a resolution to the effect that the board ask the city council to excuse the real estate agents from paying a city license, was voted down by a perilously small majority. Bro. Leavitt wanted to discuss the injustice of the whole license proposition, but desisted at the plaintive request of the married men who had to be home at ten o'clock.

Adjournment subject to call.

Los Angeles Normal Comes to Glendale

The Los Angeles Normal men's basketball team comes to Glendale Wednesday afternoon to win back their basketball honors which the High School lads carried away several weeks ago. The honors are still with the Glendale but the Normalites have evaporated. The first half was interesting because the home team showed that they could use team work to make the goals. The second half dull; both teams were loafing and the playing was careless. The Normal boys showed a great lack of experience and knowledge of the game. The line up was as follows:

GLENDALE	Forward	NORMAL
H. Lehman	Forward	Lacy
Sprinkle	"	Talbert
Emery	Center	Kessen
Cornwell	Guard	Bryson
Sting	"	Brant

Referee, Kent; Umpire, Tower. Score 39 to 4.

The annual meeting of the Tropico Improvement Society was held at Logan's Hall Wednesday evening. About fifty members were in attendance. Very satisfactory reports were received of the year's work done through various committees. The question of annexation to Los Angeles, which is to come to a vote on the 21st, was the principal topic discussed. The society seems to be nearly unanimously in favor of the proposition, although two or three members were still in the interrogative mood. One of them wished to know how annexation would affect the saloon question, as Tropico now has local option. The chairman thought that through the power of petition to the council these matters could be regulated.

In reference to the possibility of a five-cent car fare in the event of annexation, Mr. Imler, of the committee on the subject, stated that under existing laws an interurban company could not be compelled to grant a five-cent fare; that would come with competition.

The question of lights at some of the street corners brought out the assertion that Mr. Brand at a public meeting in Tropico, had promised that the then-proposed boulevard should have lights at street crossings from Tropico to the foothills. A committee was appointed to look into the matter. Election of officers for the ensuing year resulted as follows:

President, Dr. J. O. Garmon.
Vice-President, A. Engleheart.
Secretary, Mrs. J. P. Scott.
Assistant Secretary, Mrs. Wm. Harvey.
Treasurer, F. C. Richardson.

MISS MARJORY IMLER, Feted.

Master Eugene Imler, the manly ten-year-old son of Mr. and Mrs. David H. Imler, most delightfully entertained a number of little folks of Tropico at "Palm Villa," the home of his parents, Thursday afternoon, complimentary to his sister, Miss Marjory Imler. After school the little guests assembled most merrily on the large, velvety lawn at "Palm Villa" and enjoyed many child-

ish games and sports, under the leadership of Master Eugene, assisted by Mrs. David Imler, Mr. Joseph Webster and Miss Mary Doyle.

Just as the sun sank behind the mountains, reflecting many roseate hues, the merry youngsters marched into the rose embowered arbor, where dainty refreshments awaited their attention. Each guest found a dainty little valentine to mark his or her place.

It was truly a beautiful picture, the long table arranged the length of the arbor decorated in crimson geraniums and ropes of crimson tinted hearts festooned throughout the bower. A large cake surmounted by eight lighted candles attracted the attention of the little folks. The ninth candle remained unlighted until Miss Marjory had extinguished the light of the eight candles, when the ninth one was lighted, indicating that the little miss was entering upon her ninth year.

The little ones who assisted Miss Marjory in celebrating her eighth birthday anniversary included Misses Margaret Mecke, Lillie Schaick, Myrl Murray, Lila Webster, Mary Evans, Leola Webster, Dorothy Hobbs, Eleanor Collins, Daphne Burlingham, Amy Miller, Edna Gulvin, Hilda Engelhardt, Frances Peckham, Kathryn Kilmer, Florence Chandler, Mary Logan, Jeannette Seaman, Eloise Seaman; Masters George Mecke, Forest Tucker, George Robinson, Gerald Kirkham, Edward Pittenger, Willie Malcolm, Glenn Gulvin, Harwood Collins, Robert Carmack, Donald Murray, Charlie Schick and Asa Collins of San Francisco.

Shields, Mrs. John Harris, Prof. Webb, Misses May and Nellie Harris, Helen and Fanny Shields, Inar, Stain and Dan Shield, Misses Minnie Clarke, Elizabeth and Bessie Moholan of Corona. Mr. William Allen of San Fernando, son-in-law of Pio Sepulveda, was badly cut Monday by Tomas Chavez, a Mexican. The Mexican had broken one of Allen's horse's legs, Allen thinking all disturbances was over was returning to the house when the Mexican began attacking him with a knife, and cut him seriously on the shoulder and wrist. Mr. Allen at the time of the row was visiting with his wife at her mother's, Mrs. Sepulveda, of West Glendale. Dr. Thompson at once dressed the wounds and Allen is getting along nicely. Constable Catlin arrested the Mexican and took him before Judge Melrose of Tropic, who held the trial on Tuesday and bound him over in \$1000 bail.

A Cramar died at his home on Friday. He was born at Frankford, Germany and came to America when he was five years old, and settled in Indiana with his parents. He came to California six years ago. About a month ago Mr. Cramar wandered away from his home, going as far as Toluca, where he was taken up by the sheriff there. As he was feeble minded, not being able to tell his name or where he lived, he was sent on to Los Angeles at once. After a difficult time his daughter, Mrs. White, succeeded

in getting him out of prison. This helped to hasten his death. He was buried from the M. E. Church Thursday afternoon, services being conducted by Rev. J. H. Avery. Interment at Grand View.

Fred Strader of Los Angeles tried to kill his sister and her family on Tuesday afternoon on the Stancilffe ranch. Strader had walked to the ranch from Hollywood, and his sister began getting him something to eat. While she was doing this, Strader went out into the yard. When he came back into the house he fired at his sister, but missed her. Miss Ruth Stancilffe on hearing the shot came into the room, and he fired again, the bullet taking effect in her thigh. Mr. Stancilffe rushed into the house and Strader fired at him, the bullet ran around the surface of the skull under the skin and came out at the back of the head. Willie Stancilffe, in defense of the family, picked up a chair and began beating the insane man on the head. Strader finally got away and ran around the barn. He returned at once with a club, as Willie now had a rifle, and he fired at Strader, but he came only the faster. The boy fired again, and by this time neighbors came running in, and Strader was taken to Dr. Thompson, where his wounds were dressed. He was taken to Los Angeles to the hospital where he now is. The daughter and father are up and around, as their wounds were not serious.

ONE BUT NOT WON

The girls' basket ball team handed themselves a surprise in holding the crack Pasadena High team down to a one point game in the contest Saturday afternoon. It looked like an even draw from the beginning, but before the end of the first half the Glendale girls were leading with a good margin and the ball on their end of the court. After the breathing spell the Pasadena damsels went at the ball with a rush and with the sun in their favor succeeded in evening up things so that when the timer blew his whistle the score sheet showed Pasadena one point to the good.

The coach considers the showing made by the local team a very good one, since only two members of the team had played in a game previous to this one. They have developed splendid team work, something that has been sadly lacking in former teams. Misses Mitchell and Grant, the new forwards, did good work, and with experience will run up the score. Pearl Cotterall is filling the place of center, so long held down so admirably by Emily Smalley. Miss Cotterall plays a fast, heady game and covers her part of the court well. Edna Valentine and Alma Stone, the old-time guards, need no mention; they are always on the spot. Winifred Sadler was the substitute in this game.

The score was 16 to 15, in favor of Pasadena.

The Southern Pacific has acquired an additional right of way of 400 feet from the Los Angeles city limits to the boundary line of Mr. Richardson's property. It is supposed that this will be used for additional tracks.
